## GENERAL KATÓ TRANSLATORS RECOGNITION PROGRAM

### WHO IS ELIGIBLE?

TWB is committed to giving Kató Translators the recognition they deserve. Recognition is based on the level of contribution; this enables us to provide meaningful feedback and references based on genuine and valid experience. The General Kató Translators Recognition Program recognizes all Kató Translators who have contributed 20,000 words or more.

#### Contribute:

20,000 words = REFERENCE LETTER

40,000 words = RECOMMENDATION ON PROFESSIONAL PLATFORMS

100,000 words = OPPORTUNITY TO BE FEATURED

### IT IS DIFFICULT TO FIND OPPORTUNITIES IN MY WORKING LANGUAGE. HOW CAN I PARTICIPATE IN THE PROGRAM?

We recognize that in some language pairs it is difficult to reach the minimum stated above. It is important that all Kató Translators have the opportunity to take part in the recognition program. Kató Translators with fewer opportunities to participate will have a fair chance to qualify for recognition. TWB will review on a case-by-case basis and consider the availability of tasks in each language pair.

### WHAT DO YOU MEAN BY WORD COUNTS? WHICH PLATFORMS AND TASKS ARE INCLUDED?

The word count is the total amount of words a Kató Translator has worked on. This includes translation, proofreading, revision, subtitles, voice-over, etc. The word count is the sum of Kató Translators' work on the Kató platform and the TWB Workspace.

### HOW DO I GET RECOGNITION?

You can request reference letters and recommendation on platforms such as Proz and LinkedIn at [translators@translatorswithoutborders.org](mailto:translators@translatorswithoutborders.org).

### WHAT IS THE FEATURE OPPORTUNITY?

TWB selects Kató Translators to feature on our website and social media outreach. In each case, we consider word count and involvement with specific projects. Selected translators will be contacted for a short interview. See previous interviews on the [TWB Blog](#); follow TWB's story and join in the conversation on social media:
